SCIENTIFIC ORGANIZING COMMITTEE:

Geoff Marcy (co-Chair) - CIPS, UC Berkeley
Fred Rasio (co-Chair) - CIERA, Northwestern University
Natalie Batalha - NASA Ames Research Center
William Borucki - NASA Ames Research Center
David Charbonneau - Harvard University
Debra Fischer - Yale University
Eric Ford - University of Florida
Steve Jacobsen - Northwestern University
Heather Knutson - Caltech
Christophe Lovis - Université de Genève, Switzerland
Michel Mayor - Université de Genève, Switzerland
Kristen Menou - Columbia University
Alessandro Morbidelli - Observatoire de Nice, France
Frédéric Pont - University of Exeter, UK
Steinn Sigurdsson - Penn State University
Yi-Sui Sun - Nanjing University, China
Caroline Terquem - Institut d'Astrophysique de Paris, France
Giovanna Tinetti - University College London, UK
Josh Winn - M.I.T.
Alex Wolszczan - Penn State University
Yanqin Wu - University of Toronto, Canada

This conference, a follow-up to the 2007 Santorini meeting on Extreme Solar Systems, will cover all aspects of research on exoplanets. It will take place at the Jackson Lake Lodge in Grand Teton National Park and right next to the South entrance to Yellowstone National Park.

Abstract Submission
Deadline
May 31, 2011
